BIRMINGHAM, ALA., MARCH 3.—RAILROAD OFFICIALS FROM THE SCENE REPORT THAT ABOUT 100 PEOPLE HAVE BEEN KILLED AND AS MANY MORE INJURED IN THE CYCLONE AND FIRE IN MERIDIAN, MISS., LAST EVENING.

Mobile, Ala., March 3.—Information has reached Mobile by telephone, all telegraph wires being down, that a destructive tornado visited Meridian, Miss., killing twenty-one white persons and over a hundred colored people, and damaging property to the extent of \$1,500,000. There were also scores seriously injured by being caught in the wreckage of houses. The tornado caught the city on the southwest and traveled to the northeast, expending itself in two suburbs where many negroes were killed and injured, a whole tenement district being wiped out.

Two large wholesale stores, one smaller one, the principal hotel, the electric lighting plant and all the smaller property between the Mobile & Ohio railroad depot and the business part of the city are badly damaged. Twenty-one men were caught in a restaurant and several were killed. Tow stories of the Y. M. C. A. building were wrecked and other buildings suffered in the upper stories.

The negro tenement district in the north of the city was demolished and the debris caught fire, threatening a new danger, but the local department, with the help of hundreds of citizens, overcame this after a hard fight. They were assisted by the torrential rains following the tornado. The city was in darkness last night. The known path of the storm was over 600 feet wide and one mile in length. Sixteen employees of the Queen &

Crescent railroad were buried in the ruins, and as far as could be learned none of them has been rescued. A number of bodies have already been found, but as the cyclone passed through a densely populated section of poor houses and these houses caught fire immediately, it will take days to learn the exact total number of the killed.

At 6:30 p. m. a cloud developed in the south and moved on the city, striking Front street, the business center, with full force. The wind was probably blowing seventy-five miles an hour. The tornado passed over in about two minutes, and during that period three or four whole squares were devastated. A conservative estimate places the number of buildings blown down at between thirty and forty. Among the heaviest losers are the Meyer and Neville Hardware company; Tom Lyle & Co., wholesale dry goods and groceries; Joseph Moore, wholesale dry goods and groceries; the New Orleans and Northeastern railroad freight depot and other buildings. The Mobile & Ohio depot is safe, as well as the Southern hotel, but the Grand Avenue hotel was considerably damaged. The guests in the latter building escaped and no one was injured. From the business center the tornado jumped to the east end, where a number of residences were blown down and others badly damaged.

RELATIONS

Between the United States and Colombia May Again Be Severed.

Washington, March 3.—It is a matter of interest in diplomatic circles that since the United States rejected Colombia's offer to submit the question of an indemnity asked by that government from the United States on account of the revolution and the subsequent loss of Panama, to arbitration of a third party, the Colombian minister to this country, Senor Mendoza, has been absent from Washington. He is supposed to be in New York, though his whereabouts at present are unknown. It is feared that the government of Colombia, irritated through the second rejection of their demands, may decide once more to break off relations between that country and the United States, and that the minister's departure for New York was only the first step taken on his way home.

Newspapers Indicted.

St. Paul, Minn., March 3.—The Ramsey county grand jury returned bills of indictment against the St. Paul Dispatch, the St. Paul Daily News and the St. Paul Pioneer Press, charging violation of the law prohibiting the publication in newspapers of more than a bare announcement that a legal execution has taken place. The indictments grew out of the hanging of William Williams, who was executed in St. Paul February 13. Each of the papers indicted printed stories of considerable length, giving the details of the execution, and one of them claimed to have had a reporter present at the hanging.

HE OVERLOOKS NO LOST SOULS.

Louisville, Ky., March 3.—Postmaster Baker received a letter from a man at Rutland, asking him for a list of "the unsaved men and women in Louisville." He explained that he wanted to do missionary work here since he had heard this is a wicked city. Postmaster Baker, in order not to slight anyone, forwarded a copy of the city directory, containing the names of 250,000 people.

FEDERAL

Authorities Place Walsh Under Arrest

Ex-President of the Chicago National Bank Under Arrest

Charged With Making False Returns and Entries

THERE MILLION DOLLARS UNLAWFULLY TRANSFERRED ACCORDING TO THE OFFICIALS OF THE GOVERNMENT.

Chicago, March 3.—On a federal warrant which charges him with violating national banking laws in making false returns to the controller of the currency, John R. Walsh, president of the defunct Chicago National bank, was taken into custody. The warrant also asserts that he converted to his own use, without proper authority, funds of the bank amounting to \$3,000,000. He was released after giving bonds to the amount of \$50,000. The arrest of Mr. Walsh came as the direct result of the last examination of the books of the Chicago National bank, made by Special Bank Examiner Arthur L. Curry, sent to Chicago from Washington. The data furnished to the treasury department in Washington was sent to District Attorney Morrison in this city, with instructions to take the proper steps in the matter. Mr. Morrison swore to the complaint before United States Commissioner Foster, who issued a warrant for the arrest of Mr. Walsh, and placed it in the hands of Deputy Marshal Middleton.

Mr. Walsh was found in his office and placed under arrest, but friends of the ex-banker asked that the officers delay for a few hours before allowing the news of the arrest to become public because of some financial matters that might be affected. This was granted, and twice more friends of Walsh asked and obtained a brief respite. Deputy Marshal Middleton finally refused to wait for a longer time and took Mr. Walsh to the office of United States Marshal Ames. All of the doors leading to the private office of Marshal Ames were locked, and all attaches of his office and that of District Attorney Morrison were instructed to say nothing concerning the arrest. Afterward Mr. Walsh made the following statement: "The charge in effect is that, as president of the bank, I signed a report to the controller, which report, it is now alleged, is false. The report in question would ordinarily have been signed by the cashier, but by reason of his temporary absence it was signed by me, as a matter of course. The report returned to, however, was undoubtedly correct in every particular. These facts will be clearly established by the evidence if the case reaches a stage when evidence is produced. I believe, however, that a more thorough investigation of the facts by the department of justice and a comparison of the report with the books of the bank will convince the department that its action is uncalled for and cannot be sustained."

Revolution Brewing.

Paris, March 3.—According to information which reached official quarters here, a revolutionary movement against Venezuela is on foot. The revolutionists are concentrating on the island of Trinidad, where they are awaiting arms and supplies previous to landing on the Venezuelan coast.

Grand Newspaper Contest Conducted By The Feltz Bros' Dry Goods Company a Winner For Lima's Popular Newspaper.

It Was a Decided Victory For the NEWS and You Haven't Noticed Anything in the Other Two Papers About the Result, Have You?

Readers of the DAILY NEWS, and especially the Merchants of Lima, were interested some two weeks ago in a Newspaper Contest started by the well known firm of "The Feltz Bros' Dry Goods Company." The advertisement with the "Coupons" was inserted in each of the Daily Newspapers two times. As was stated at the time the Times-Democrat flooded the city with extra copies of that paper containing the Coupon advertisement, but even at that the DAILY NEWS won out.—NUPP SAID.

The following is a copy of the advertisement:—

GRAND NEWSPAPER AD. CONTEST.

MOB SUBDUED.

Heavy Rain Drenches the Soldiers on Duty at Springfield.

Springfield, O., March 3.—A steady downpour of rain fell here during the night and aside from this quiet prevailed following the preceding nights of rioting and incendiary fires. The troops still on duty were drenched by the rainfall. Police court was in continuous session and a number of rioters were fined.

Jacob Koch was arrested for assault on Private Arthur A. Anell of Company I of Xenia. Koch was later taken before the wounded soldier, who identified him as his assailant.

Colonel Ammel grew exceedingly angry over the rumors that saloons were doing business. He told Mayor Todd unless the saloons were kept

from doing business he would draw all the troops. He was supported by Adjutant General Hughes, with whom the colonel consulted by telephone. Mayor Todd and Chief O'Brien have had great difficulty in enforcing the saloon laws at all times.

IS A SOCIALIST.

Joseph Medill Patterson Discusses His Resignation.

New York, March 3.—Joseph Medill Patterson, whose resignation as commissioner of public works of Chicago has been announced, and who at present is staying in this city, expressed his views on socialism, incidentally mentioning that he believed Mayor Dunne was the best mayor Chicago had ever had, but that he did

not carry his ideas far enough. Mr. Patterson came out flat footed as a Socialist, indicating that he felt that the culmination of the socialist idea was the only true solution of economic problems. Mr. Patterson said that some time ago a club was formed in the Twenty-fifth ward of Chicago to discuss economics, but that it died six months afterward. This was followed by an organization to discuss matters relative to capital and labor and rules were made prohibiting membership except when applicants were unanimously elected. Finally, he said, two Socialists were admitted, "more that they might be ridiculed and questioned than anything else," he said, "but," continued Mr. Patterson, "they always seemed to have the last word and the best of the argument, and finally the other members became infected."

MYSTERIOUS COACH SLIPS INTO PITTSBURGH AND STAYS OVER NIGHT—"EMPTY."

Kept Schedule Time Not to Cause Alarm—Didn't See Him Come In, Didn't See Him Go Out, But He Did So, and Bought Oil Interests.

Pittsburgh, Pa., March 3.—What is reported as confirmation of the story that the mid-continent oil interests of T. N. Barnsdall of this city had been taken over by the Standard Oil company was given last night in rather a startling manner when it was practically proved, it is claimed in financial circles here, that JOHN D. ROCKEFELLER, THE MAN SOUGHT BY PROCESS SERVERS ALL OVER THE UNITED STATES, passed through this city on the private car "Plymouth Rock."

The car, veiled in the strictest secrecy and guarded by extraordinary precautions, arrived in the union station last night over the Pennsylvania lines from the west.

No extra precautions were taken in the schedule lest they should arouse suspicion among the trainmen of the most-sought-for as well as the richest man in the world, but within the car things were entirely different.

No train official was permitted to approach it or to gain the most casual view of the contents. Officially it was known as a "dead head" or empty car, but it is stated it contained five persons, one of whom was the Standard magnate.

Without explanation the railroad men were told to attach it to a New York train.

The mysterious car left here at 5:49 p. m. for Jersey City.

Glycerine

STOLEN IN INDIANA WHICH PROBABLY MEANS ANOTHER BIG BANK ROBBERY.

Muncie, Ind., Mar. 3.—Another bank robbery in the expected at least any time now in eastern Indiana or western Ohio, as a quantity of nitro-glycerine has been stolen. The nitro-glycerine magazine of the Hercules Torpedo Company, located on the Percy farm, about four miles northeast of Muncie, was robbed, and while only about a quart was taken it is sufficient no doubt for the purpose that it was taken for. The magazine was visited by one man who, after forcing entrance into the building where the explosive is kept, procured his fluid booty, and his tracks were traced on the line of the Muncie, Hartford and Fort Wayne Traction company, where it is thought he boarded a car and came to Muncie. Immediately following the discovery of the robbery the matter was reported to the Muncie police.

Magazines in this section of the country have been robbed and in almost every case the report of safe blowing was received shortly afterwards. Just a few months ago the Hercules magazine was robbed and in less than three days afterwards two jobs of bank robbery were committed at Ridgeville and Hagers-town. The robbery at that time is believed to have been committed by the man alleged to have been led by

Harry Slater who was killed at Lima some time ago, and who accused pals James Donovan and "Fingers" Burke, are now prisoners in the Delaware county jail awaiting trial at Winchester for complicity in the safe blowing at Ridgeville.

A FEW THOUGHTS.

The merchants have gone to Paris
for their health and other reasons.

There are few men who do not ad-
mire a woman who gets off a street
car the right way.

Just about the time March was
coming in like a lamb, Senator
Lamm, down at Columbus, was roar-
ing like a lion.

We have reached a point where
the farmers can talk about dollar
without giving silver
single thought.

Among others who might be men-
tioned as having no particular re-
verence for law are the members of
that Springfield mob.

If the missionaries should be
brought from China for safety, care
should be taken to keep them away
from Springfield.

China is talking of postponing her
visit until spring, probably to give
the pessimists time to make a few
more guesses.

EARNINGS

Of the Pennsylvania Railroad Com-
pany for the Year.

Philadelphia, March 3.—The report
of President Cassatt of the Pennsyl-
vania Railroad company for the year
1935, made public today, shows the
gross earnings of all the transporta-
tion companies east and west of Pitts-
burgh operated, controlled by or af-
filiated with the Pennsylvania railroad
system to be \$268,069,597, an increase
over 1934 of \$28,853,177. The ex-
penses were \$182,100,348, an increase
of \$20,588,888, and the net earnings
\$78,969,249, an increase of \$8,266,289.
The gross income was \$95,790,538, an
increase of \$7,992,611. There were
233,011,227 tons of freight moved, be-
ing an increase of 45,121,297 tons, and
126,084,222 passengers carried, an in-
crease of 5,665,005.

Jack Chinn's Bill.

Frankfort, Ky., March 3.—State
Senator Jack Chinn of Mercer county
introduced a measure in the senate
proposing to create a state racing
commission, with power and authority
to regulate running race meetings in
the state, when operated by a corpora-
tion or association. The bill provides
for a commission of five men, two to
be appointed by the governor. They
were to license tracks for a period of
one year, the license to be revoked at
the pleasure of the commission for any
violation of rules which the commis-
sion may from time to time prescribe.
The measure is endorsed by the Blue
Grass breeders and Kentucky horse-
men generally.

Another Confession.

Boise, Idaho, March 3.—The States-
man says: "The Statesman is author-
ized to announce that Steve Adams,
arrested at Haines, Ore., on February
20, in connection with the Steu-
enberg assassination, has made a full
and sweeping confession. This second
confession is far more important than
that made by Harry Orchard. This
statement was made by James Mc-
Partland, the detective, in the pres-
ence of Governor Gooding and J. H.
Hawley, who is in charge of the pro-
secution. Mr. McPartland added that
Adams' confession corroborated that
made by Orchard at every point
touched on by both."

Private Claims.

Washington, March 3.—The first
private claims session of Fifty-ninth
congress occupied the house, twenty-
four bills being passed. All these
measures carried small amounts for
the relief of private individuals who
are precluded under the laws from ob-
taining their rights. Opposition to
many of the bills was made by Mr.
Mann of Illinois and Mr. Shuckford
of Missouri. This opposition account-
ed for the small number of measures
considered.

Longworths Return.

Tampa, Fla., March 3.—Mr. and
Mrs. Nicholas Longworth arrived here
on the steamer Mascotte from Havana.
The steamer encountered rough weather
on Thursday and Mrs. Longworth
suffered from seasickness. Mr. Longworth
said every moment of their stay in
Cuba had been made pleasurable by
entertainment offered them by the
Cuban officials and others. A large
crowd met them at the pier. They left
for Washington in a private car.

An Appeal to Common Sense

Rheumatism should have no place in this modern age. It is
an affliction of our grandfathers, and should have passed away
along with the stage coach.

All modern schools of medicine agree that the cause of Rheu-
matism is uric acid—always—and when the cause of disease is
once learned, the cure is half made. The other half is only com-
mon sense.

Will you use your own good judgment?

HOW URIC ACID CAUSES RHEUMATISM

Put sugar into cold water and only
part of the sugar dissolves, but if you
heat the water it will all dissolve.

Well, your physician will tell you
that blood always contains a large
amount of uric acid, and when you
catch cold, get your feet wet, or ex-
pose yourself, you chill your blood
and uric acid is precipitated.

Now, the blood must be hot to dis-
solve uric acid just like water has to
be hot to dissolve sugar. When it
isn't hot, the uric acid crystallizes—
forms little grains just like sugar—
called uric salts.

Wherever these little grains of uric
salts settle they cause pain—you call
that pain "Rheumatism."

Thus you see that Rheumatism is
only the name of the pain—it isn't
even a disease. No matter whether
the pain—the rheumatism—is in your
knee, your shoulder, or in the mus-
cles—the cause is always the same
—uric acid.

Get rid of the uric acid and you're
cured.

THE BEGINNINGS OF URIC ACID DISEASES

The first twinge of Rheumatism is a signal of uric acid. Headache, poor
digestion, biliousness, dry skin, darting pains, sleeplessness, dark colored
urine, and in women, menstrual disorders—all these symptoms prove uric
acid to be at work.

Don't wait for heart disease or kidney trouble. Take LIFE PLANT
as soon as Rheumatism or any of the above symptoms appear. If
already you have some disease following these symptoms act
quickly—take LIFE PLANT.

PROGRESSIVE

Lima and Its Pro- gressive Mer- chants

Are Continually Setting the Pace for the

OUTSIDE WORLD —MERCHANTS OF THE SQUARE HAVE START- ED A MOVE.

WHICH WILL MAKE THAT SECTION OF THE BUSINESS DISTRICT THE MOST ATTRAC- TIVE IN THE CITY.

Until a year, or so ago the busi-
ness district of Lima was illumi-
nated with curb lights. The members
of the City Council decided against
the enterprise, and the lights were
discontinued. Until recently the
business section was not lighted as
it was the desire of the enterprising
merchants of Lima to have it light-
ed.

Always progressive the business
men on the square started a move-
ment to install arc electric lights.
This move was inaugurated by the
Edelman Clothing Company, and a
few days ago thirteen lights were
placed in position from Market
street around the Square to Main
street. These lights are hung
twelve feet above the sidewalk and
ten feet from the building fronts.
The effect was dazzling and attract-
ed no little comment, making that
part of the business district the best
lighted in the city. It was not only
an advertisement to the city of Lima,
but reflected enterprise upon the
merchants. The concerns represent-
ed in this enterprise are as follows:
Edelman Clothing Store, The Wil-
liams' Cheap Store, The Ashton Drug
Store, The Lima Tea Company, The
Hoover Shoe Company, W. D. Car-
penter, Anthony Miller and H. Can-
ningham.

After these lights were turned on
the contagion spread to the east side
of the public square, and this even-
ing nine electric arc lights will be
turned on in that section of the
business district. The business
houses concerned being the Hoover
Furniture Store, Leon Lowenstein's
Clothing Store, Morling & Baldwin,
F. Ohio, Sullivan & Baker and How-
ard Hoyer.

Some cities have extensive sys-
tems of curb lighting, just as we had
here for a couple of years, the cost
of which was paid out of the pockets
of the business men fronting on the
business square. This was almost ex-

clusively a public benefit at private
expense, yet the merchants footed
the bills for a long time, and the city
council voted to have the city assume
the expense, a legislative act render-
ed void by the Board of Public Ser-
vice refusing to act under it. Then
the curb system passed away and
since that time the business district,
in comparison with its former bril-
liancy, has been a dark, dreary, un-
inviting place, after the close of busi-
ness and the extinguishment of the
window lights.

Now comes the merchants of the
Square with a protest against this
condition of affairs in the form of a
new system of sidewalk lighting,
which at once appeals to the public
and to the competitor. The electric
arcs are of the same candle power as
those used for street lighting, and
there are so placed as to shed their
light into the show windows and up-
on the sidewalk without the un-
pleasant feature of shining directly
in the eyes of the pedestrian. They
are suspended at a height of fifteen
feet above and over the middle of
the sidewalk, and extend from the
corner of Market and the Square
southward to the angle of the Square
and thence eastward to Main street,
shedding a soft, pleasing light,
showing the contents of show win-
dows equally as well as in daylight,
while at the same time the sidewalk
is so well illuminated that a pin can
be seen anywhere upon it.

From the merchants who have
taken this forward step it is learned
that the expense is comparatively
slight when the nature of the light-
ing received is considered, and from
a representative of the light com-
pany it is further learned that there
is in reality, no profit in the business,
at the price at which it is being of-
fered. On the other hand, pride in
the city and in having it one of the
best lighted in the country, has
prompted them to make the rate.

The lights burn every night, Sun-
day inclusive, until ten o'clock, and
on Saturday night until eleven o'clock.
Contracts for a twelve-
month period have been signed for
those which have been put in com-
mission.

THREATENED WITH ARREST

Banker Charles Davis Proves a
Stubborn Witness.

CALLED BEFORE COMMITTEE

Refuses to Answer Many Questions
and Declares He Will Not Be Lex-
owed—Warrant Issued for a Cashier
Who Fails to Show Up—Cincinnati
Inquisition.

Cincinnati, O., March 3.—The state
senate committee investigating public
affairs in Cincinnati and Hamilton
county issued a warrant for the arrest
of Thomas J. Davis, cashier of the
First National bank, who has disre-
garded the subpoenas and failed to
appear before the committee.

Charles H. Davis, president of the
Second National bank, was called to
the stand. He strongly resented the
inquiries of the senate committee, de-
claring that he wanted to tell the
whole story and not give a half ac-
count, as their questions would make
him. He declared that he would not
be "Lexowed," and insisted on speak-
ing of "personal gifts" to friends in
the treasurer's office whenever the
subject of interest or gratuities was
mentioned. He said: "The bank
never paid for the use of county funds,
although it had at times from \$50,000
to \$200,000. But I paid; may have
paid some subordinate in the treas-
urer's office. No account was kept of
it at the bank, and I did not tell the
bank examiners because it had noth-
ing to do with the bank or county
treasurer. Addressing the committee,
Davis wanted to know what they were
doing in Cincinnati, anyway. He said
he was willing to answer questions
about the county treasurer, but want-
ed them to include all treasurers, not
one or two. He was asked if he had
reported the bank's expenses to the
comptroller of the treasury, and re-
ported: "You make me tired; that's
none of your business, and none of
his."

Asked if he had ever given the
treasurer any gratuities, he said: "I
don't care what you ask. I might;
I might have given him \$5,000 or \$650,
but I never gave him anything. I
gave it to Schott. Don't get to dig-
ging too deep; some of the fellows
with good reputations might not be
so good if I gave it back."
It was only after Member Espy of
the Lexow committee had warned Mr.
Davis he would be placed under ar-
rest for contempt that he somewhat
subsided.

The other witnesses were chiefly
bankers, although County Auditor
Richardson was on the stand and
testified very fully as to the methods
of doing business between his office
and that of the county treasurer. He
refused to consider Franklin, Cuya-
hoga or any other county in Ohio, a
measure by which Hamilton county
should be judged on this point, be-
cause Hamilton county business is
larger and the officials are delayed,
not only by the volume, but by delin-
quent tax sales of hundreds of lots.

O. P. Tucker, cashier of the City
savings National bank and former nation-
al bank examiner, testified that his
bank paid from 2 to 2 1/2 per cent in-
terest on county deposits, the money
being handed over to some represen-
tative of the treasurer's office.
Charles G. Stedman, vice president
of the First National bank, but pre-
viously for eighteen years cashier of
the National Lafayette bank, testified
that 2 and 3/4 per cent had been paid
by that bank on county deposits, but
declared that it was regarded by the
bank as a straight transaction and not
as a bonus or gratuity.

AGREEMENT

Reached in the Suit Against the Balti-
more & Ohio Road.
Clarkburg, W. Va., March 3.—An
agreement was suddenly reached dur-
ing the trial today in the United
States district court of the suit of the
Red Rock Fuel company against the
Baltimore & Ohio Railroad company.
The suit was brought to enforce a re-
cent order of the interstate commerce
commission directing the railroad
company to cease its discrimination
against the Red Rock Fuel company.
By the terms of the agreement the
railroad company will provide the fuel
company with railroad connections at
its plant near Buckhannon, this state,
at once, will grant the Fairmount Coal
district a fair rate, and furnish a fair
distribution of cars.

This morning at 5:19 o'clock occurred the death of J. S. Fogle, father of E. J. Fogle, the well-known resident of this city. His demise occurred at his home, 227 North W.

Deceased was a native of the old state of Ohio. He came to Lima in 1840 and located at Avondale, now known as Spencerville. At the time that section was nothing more than a wilderness and the little settlement had not yet been laid out. He was engaged in the lumber business at Spencerville until 1848 and was one of the most active members of the Methodist churches in that city. In fact, he was known far and near in that neighborhood as one of the most prominent citizens of the county and one among the many things he

Baked Apples with Almonds—
Pare and core six tart apples. Simmer until tender in a sirup made of one and one-half cups each of sugar and water. Turn the apples frequently and watch carefully to prevent burning. When tender, arrange in a baking dish and press into them blanched almonds, split in halves. Dredge apples and nuts with sugar and set in the oven until lightly browned. Serve hot with cream of jelly.

Easy Ginger Cookies (adapted from Good Housekeeping)—Sift together three cups flour, one cup sugar, a dessertspoon each of soda and ginger and one-half teaspoonful salt. Heat in saucepan one cup molasses with one-half cup shortening; when hot add four dessertspoons hot water. Cool slightly and stir into dry mixture. Add quickly two well-beaten eggs. Mix well. Drop by spoonfuls a little distance apart on buttered tin. When pan is full, flatten each cookie with bottom of measuring cup, well floured. Bake in moderate oven. One-half recipe is sufficient.

Oyster Sauce—Drain and wash twenty-five oysters. Bring to boiling point and drain, saving liquid. Put in sauce pan one tablespoon butter. When melted add one tablespoon flour and mix until smooth. Add enough milk to oyster liquid to make one cup, stir gradually into the butter and flour, when boiling add the oysters, a scant teaspoon salt, one saltspoon pepper and serve.

Orange Jelly (Mrs. Rorer)—Cut in halves six oranges, scoop out all pulp, saving juice as well. Cover one teaspoon gelatin with cold water, add orange juice. When dissolved pour on a pint of boiling water. Strain into the orange pulp, adding sugar according to acidity of oranges—about one-half cup. Serve very cold. This is not stiff, as only enough gelatin is used to hold pulp together.

AN ENJOYABLE EVENT
Last Wednesday evening at the home of Mr. W. M. McKibben, on Bellefontaine avenue, Miss Blanche and Alvin McKibben entertained a number of their friends in honor of Mr. Edward Fox, Star Piano Agent, of Toledo, O. Music seemed to be the attraction of the evening, some beautiful selections being rendered on the piano by Miss Blanche, and also some solos by Alvin, McKibben and Otto Hoffman. A dainty lunch was served by Miss McKibben, assisted by her sister, Mrs. S. A. Miller, then all departed to their homes after thanking the host and hostess for their kind hospitality.

Really Good Things to Eat

Are made with Royal Baking Powder—bread, biscuit, cake, rolls, muffins, crusts, and all the various pastries requiring a leavening or raising agent.

Risen with Royal Baking Powder, all these foods are superlatively light, sweet, tender, delicious and wholesome.

AN INJUSTICE TO A LIMA MAN
WHICH THE NEWS GLABLY
CORRECTS.

A few days ago an article from the
Toledo Press was published in the
Daily News to the effect that one
George Rubenis a Greek, living at
Toledo, had been placed under arrest
for stealing a diamond ring. The
article further stated that the man
under arrest had shoe shining
stands in Lima, Findlay and several
other Ohio towns.

As Pete Tender, the proprietor of
the shoe shining parlors in the Holland
block, is the only Greek in the city
engaged in the shoe shining
business, the article reflected upon
him. Mr. Tender is at the present
time located in Pittsburg and is unconscious of the story which has
been circulated about him. He is
known among all people with whom
he ever had any dealings as an upright,
honest young man, and it is with
pleasure that the NEWS makes
the above statement.

A lively crowd of "Masqueraders" dropped in on Mr. and Mrs. Joe Wooley of west Marker street on Thursday evening, completely surprising them, took possession of the house and proceeded to have a good time. Mr. and Mrs. Wooley were in no wise to blame for not recognizing one of the number, they being unrecognizable. The Indian was so natural it was thought to be a sure-enough Indian. Carrie Nation lacked only the hatchet to complete her identity. The school girl was perfect, and last but not least was "Sally in our alley" right up to the scratch.

Tonight, Frank Deshon in "The Office Boy."

Monday, Virginia Drew Trescott in "When Knighthood Was in Flower."

Wednesday, "The Fortune Teller."

Thursday, "The Fatal Wedding."

The Frank Deshon comic opera company, under the management of the Nixon & Zimmerman Operas Company, headed by the inimitable light opera comedian from which it takes its name, and presenting the musical comedy, "The Office Boy," will be seen at Faurot Opera House tonight.

Frank Deshon and this musical piece were one of the phenomenal successes of last winter in "New York," where they played for three months. "The Office Boy" is said to be a very laughable conceit with a central character exactly suited to the peculiarities of Mr. Deshon, and containing a great variety of excellent musical numbers. The supporting company is a large one, having in its membership some sixty people, and including some clever comic opera artists.

Miss Virginia Drew Trescott, who is starring this season in Joseph Shipman's grand production of "When Knighthood Was in Flower," which will be seen at Faurot Opera House next Monday evening, has probably received as many laudatory comments as any living actress. More especially as "Mary Tudor" in her present play has her work been favorably criticized. The following expressions from one of the "best critics of the day, and a severe one, seems to best set forth the opinion of theatre goers in general: The play "When Knighthood Was in Flower" affords many theatrical opportunities, and these Miss Trescott adroitly uses. Her embodiment of Mary Tudor crystallizes into one engaging personality the attributes of authority, impetuosity, intrepidity, force of will, gleeful

Company is Figuring For the Purchase of the

Hawisher Building. Formerly Occupied

By the

American Cigar Factory at the Corner of Main and Elm Streets.

The establishment of the Lima Watch Works company as an industrial institution is now up to the business men and progressive citizens. After negotiations carried on by the executive committee, the proposition made by the company was accepted in a resolution passed at a Lima Progressive association, and immediately steps were taken to establish a guaranty fund that would be accepted by the banks as security for the loan asked for by the new corporation.

To secure this enterprise does not cost the city a single dollar. There is only one obligation and that is the taking up of \$50,000 worth of the watch company's bonds, which run for four years at five per cent. interest.

These bonds are to be placed in the hands of a trustee named by the Progressive association, and are secured by a mortgage on the watch company's plant, including all real and personal property, valued at over \$500,000.

The institution is to have a capacity of 500 employees, 350 to be engaged at the end of the first year, and additional employees to be added as rapidly as they can be educated to the work.

An option has been taken on the Hawisher block, for its purchase, subject to the cancellation of a lease held by the American Cigar company, and the price agreed upon is \$80,000, which includes the four-story brick building on the corner of Main and Elm streets and the dwelling house west of it.

with the corporation its stockholders, any one of them will bear the closest scrutiny. They include Seth Thomsen, the well-known clock manufacturer of New York, D. M. Parry, the millionaire buggy manufacturer of Indianapolis, J. C. Lauer, a prominent watch case manufacturer of Mansfield, O., Wm. Nickelstetter, president of the State bank, of Seymour, Wis., and Jos. Rossmisel, a wealthy shoe merchant, of Appleton, Wis. Mr. Bell, whose home is in Cincinnati, is the practical member of the company.

The Guaranty Fund.
To give to the local banks the security necessary in loaning the money, a guaranty fund was decided upon, the minimum of which is \$100,000. Enough has been subscribed to back the watch works proposition, but the amount secured is contingent upon the raising of the entire sum of \$100,000. In plain words, that figure must be reached in order to make such subscriptions valid as have already been secured.

Subscribers to the fund are not asked for any money. Their notes for the amount subscribed are accepted

by the banks, and only in case of loss in any industrial venture would they be assessed pro rata. The fund itself is controlled by three trustees, or attorneys in fact, selected from among the subscribers to the fund, and if, after careful investigation, they find in any case that the security is insufficient, they may decline to allow the fund to appear as security. Every safe-guard possible is thrown around the guaranty fund, and Lima should at least be as fortunate as Williamsport, Pa., where a guaranty fund of \$215,000 existed for five years without the loss of a dollar to the subscribers. The guaranty fund of Williamsport today is \$161,000.

The committees have been at work during the past few days and over half the necessary amount has been pledged. The watch works proposition is depending upon the final word, and if Lima expects to profit by new institutions, those who are in position to do so, should rally to the cause now that the real opportunity is offered.

BEFORE THE CAMERA

The Fire Department Made Its Dash.

MORNING PICTURES DEVELOPED—FINE RESULTS AND EVERYBODY WANTS TO SEE THEM PRODUCED ON CANVASS.

From North street to Elm, and massed on the public square, the people poured out to see the great run of the city's fire department before the moving picture machine this morning.

It was a real life scene and the crowd was thrilled with as much excitement as though a real conflagration had caused the turning in of a general alarm. The immense throng of people made a wide avenue through

which the wagons at first slowly paraded, and then over the same course the teams, separated about 300 feet, dashed past the photographer at full speed.

Every piece from the three departments was called out, eight in number, and Chief Coates led the run behind the fast little mare, Maude, determined, if possible, to beat the record held by the chief of Lafayette, Ind. A stop watch was used to measure the distance and the chief has the satisfaction of knowing that he lopped off a quarter of a second from the world's record. Maude is only 5 years old and is full of the fire, grit and speed that makes her an invaluable animal for the fire department.

Mr. Shields, who took the photographs, says the films are among the best he has ever developed, the dash this morning being the 138th attempt to get a thrilling fire scene.

The event was a great advertisement for the entertainment to be given for the benefit of the emergency fund, and over 500 tickets have already been disposed of. Everybody

will be anxious to see the dash reproduced on the screen at the opera house and it was a wise plan to arrange for a two night's entertainment in order that there will be a double opportunity for the public to see it.
